During the six months duration of Data Entry Operator trade a candidate is trained on professional skill, professional knowledge and Employability skill related to job role. In addition to this a candidate is entrusted to undertake project work and extracurricular activities to build up confidence. The Broad components covered professional skill, subjects are as below:-

The trainee learns about safety and environment, use of fire extinguishers. He learns about trade tools, identifies computer peripherals, internal components, Windows and its related application software installation process. Trainees will work with MS Office package to create word document, practice with excel sheet and power point presentation, edit images and perform file conversion of different formats. They will use internet to search information using browser along with official/social communication process. The trainees will be able to perform commercial net banking operations, sharing of data between devices, setup and perform video conferencing, setup and link computers for remote access. The trainee will also achieve data entry in English, Hindi/ regional languages with optimal speed and accuracy.

2.1 GENERAL

The Directorate General of Training (DGT) under Ministry of Skill Development & Entrepreneurship offers a range of vocational training courses catering to the need of different sectors of economy/ Labour market. The vocational training programmes are delivered under the aegis of Directorate General of Training (DGT). Craftsman Training Scheme (CTS) with variants and Apprenticeship Training Scheme (ATS) are two pioneer schemes of DGT for strengthening vocational training.

"Data Entry Operator" trade under CTS is one of the courses delivered nationwide through a network of ITIs. The course is of six months duration. It mainly consists of Domain area and Core area. The Domain area (Trade Theory & Practical) imparts professional skills, and Professional knowledge, while Core area (Employability Skills) imparts requisite core skills and life skills. After passing out of the training programme, the trainee is awarded National Trade Certificate (NTC) by DGT which is recognized worldwide.

Candidates need broadly to demonstrate that they are able to:

- Read and interpret parameters/ documentation, plan and organize work processes, identify necessary materials and tools;
- Perform task with due consideration to safety rules, accident prevention regulations and environmental protection stipulations.
- Apply professional knowledge & employability skills while performing the job and modification & maintenance work.
- Check the system specification and application software as per requirement of the design of job.
- Document the parameter related to the task undertaken.

2.2 PROGRESSION PATHWAYS:

- Can join industry as Data Entry /Computer Operator and will progress further as Senior Operator, Supervisor and can rise up to the level of Manager.
- Can become Entrepreneur in the related field.
- Can join Apprenticeship programme in different types of industries leading to National Apprenticeship certificate (NAC).
- Can join Crafts Instructor Training Scheme (CITS) in the trade for becoming instructor in ITIs.

2.3 COURSE STRUCTURE:

Table below depicts the distribution of training hours across various course elements during a period of six months: -

S No.	Course Element	Notional Training Hours
1.	Professional Skill (Trade Practical)	420
2.	Professional Knowledge (Trade Theory)	120
3.	Employability Skills	60
	Total	600

2.4 ASSESSMENT & CERTIFICATION

The trainee will be tested for his skill, knowledge and attitude during the period of course through formative assessment and at the end of the training programme through summative assessment as notified by the DGT from time to time.

- a) The **Continuous Assessment (Internal)** during the period of training will be done by **Formative assessment method** by testing for assessment criteria listed against learning outcomes. The training institute have to maintain individual *trainee portfolio* as detailed in assessment guideline. The marks of internal assessment will be as per the formative assessment template provided on www.bharatskills.gov.in
- b) The final assessment will be in the form of summative assessment method. The All India Trade Test for awarding NTC will be conducted by Controller of examinations, DGT as per the guidelines. The pattern and marking structure is being notified by DGT from time to time. The learning outcome and assessment criteria will be basis for setting question papers for final assessment. The examiner during final examination will also check individual trainee's profile as detailed in assessment guideline before giving marks for practical examination.

2.4.1 PASS REGULATION

For the purposes of determining the overall result, weightage of 100% is applied for six months and one year duration courses and 50% weightage is applied to each examination for two years courses. The minimum pass percent for Trade Practical and Formative assessment is 60% & for all other subjects is 33%.

2.4.2 ASSESSMENT GUIDELINE

Appropriate arrangements should be made to ensure that there will be no artificial barriers to assessment. The nature of special needs should be taken into account while undertaking the assessment. Due consideration should be given while assessing for teamwork, avoidance/reduction of scrap/wastage and disposal of scrap/waste as per procedure, behavioral attitude, sensitivity to the environment and regularity in training. The sensitivity towards OSHE and self-learning attitude are to be considered while assessing competency.

Assessment will be evidence based comprising some of the following:

- Job carried out in labs/workshop
- Record book/ daily diary
- Answer sheet of assessment
- Viva-voce
- Progress chart
- Attendance and punctuality
- Assignment
- Project work.
- Computer based multiple choice question examination
- Practical Examination

Evidences and records of internal (Formative) assessments are to be preserved until forthcoming examination for audit and verification by examining body. The following marking pattern to be adopted while assessing:

Performance Level	Evidence	
(a) Marks in the range of 60%-75% to be allotted	d during assessment	
For performance in this grade, the candidate should produce work which demonstrates attainment of an acceptable standard of craftsmanship with occasional guidance, and due regard for safety procedures and practices	 in the field of work/ assignments. A fairly good level of neatness and consistency to accomplish job activities. 	
(b) Marks in the range of 75%-90% to be allotte	ed during assessment	
For this grade, a candidate should produce work which demonstrates attainment of a reasonable standard of craftsmanship, with little guidance, and regard for safety procedures and practices	 Good skill levels and accuracy in the field of work/ assignments. A good level of neatness and consistency to accomplish job activities. Little support in completing the task/job. 	

(c) Marks in the range of more than 90% to be allotted during assessment

For performance in this grade, the candidate, with minimal or no support in organization and execution and with due regard for safety procedures and practices, has produced work which demonstrates attainment of a high standard of craftsmanship.

- High skill levels and accuracy in the field of work/ assignments.
- A high level of neatness and consistency to accomplish job activities.
 - Minimal or no support in completing the task/job.

Computer Operator; operates computer and peripheral equipment to process business, scientific, engineering, or other data, according to operating instructions. Enters commands, using keyboard of computer terminal, and presses buttons and flips switches on computer and peripheral equipment, such as tape drive, printer, data communications equipment, and plotter, to integrate and operate equipment, following operating instructions and schedule. Loads peripheral equipment with selected materials, such as tapes and printer paper for operating runs, or oversees loading of peripheral equipment by Peripheral Equipment Operators. Enters commands to clear computer system and start operation, using keyboard of computer terminal. Observes peripheral equipment and error messages displayed on monitor of terminal to detect faulty output or machine stoppage. Enters commands to correct error or stoppage and resume operations. Notifies supervisor of errors or equipment stoppage. Clears equipment at end of operating run and reviews schedule to determine next assignment. Records problems which occurred, such as down time, and actions taken. May answer telephone calls to assist computer users encountering problem. May assist workers in classifying, cataloguing, and maintaining tapes.

Domestic Data Entry Operator; is responsible to provide daily work reports and work on daily hour bases. The individual is responsible for electronic entry of data from the client side to the office site or vice-versa. Individual tasks vary depending on the size and structure of the organization.

Reference NCO-2015: -

- i) 4131.0600 Computer Operator
- ii) 4132.0402 Domestic Data Entry Operator

Reference NOS: -

- i. SSC/N3022
- ii. SSC/N9409

Name of the Trade	DATA ENTRY OPERATOR	
Trade Code	DGT/2015	
NCO - 2015	4131.0600, 4132.0402	
NOS Covered	SSC/N3022, SSC/N9409	
NSQF Level	Level – 3	
Duration of Craftsmen Training	Six Months (600 Hours)	
Entry Qualification	Passed 10 th class examination	
Minimum Age	14 years as on first day of academic session.	
Eligibility for PwD	LD, CP, LC, DW, AA, LV, HH, AUTISM, SLD	
Unit Strength (No. Of Student)	24 (There is no separate provision of supernumerary seats)	
Space Norms	65 sq. m	
Power Norms	6 KW	
Instructors Qualification f	or	
1. Data Entry Operator Trade	B.Voc/Degree in Computer Science/Computer Application/ IT from AITCE/UGC Recognized University with one year experience in the relevant field. OR Post Graduate in Computer Science /Computer Application / IT from UGC Recognized University or NIELIT B Level with one year experience in the relevant field.	
	OR	
	03 years Diploma in Computer Science / IT from recognized Board/ Institute or relevant Advanced Diploma (Vocational) from DGT, PGDCA from UGC recognized University or NIELIT A Level with two year experience in the relevant field. OR	
	NTC/NAC in "Data Entry Operator/COPA" trade with three year experience in the relevant field.	
	Essential Qualification: Relevant Regular / RPL variants of National Craft Instructor Certificate (NCIC) under DGT.	
	Note : -Out of two Instructors required for the unit of 2(1+1), one must have Degree/Diploma and other must have NTC/NAC qualifications. However both of them must possess NCIC in any of its	

	variants.		
2. Employability Skill	MBA/ BBA / Any Graduate/ Diploma in any discipline with Two years'		
	experience with short term ToT Course in Employability Skills.		
	(Must have studied English/ Communication Skills and Basic		
	Computer at 12th / Diploma level and above)		
	OR		
	Existing Social Studies Instructors in ITIs with training in Employability		
	skills.		
3. Minimum age for Instructor	21 years		
List of Tools and Equipment	As per Annexure – I		

Learning outcomes are a reflection of total competencies of a trainee and assessment will be carried out as per the assessment criteria.

5.1 LEARNING OUTCOMES

- 1. Identify different computer components, install and setup operating system and related software in a computer following safety precautions. (NOS: SSC/N3022)
- 2. Create, format and edit document using Word processing application software. (NOS: SSC/N3022)
- 3. Create, format, edit and develop a workbook by using Excel. (NOS: SSC/N3022)
- 4. Edit images/photos by using Paint and Office Picture Manager Application software. (NOS: SSC/N9409)
- 5. Create and customize slides for presentation by using Power Point. (NOS: SSC/N3022)
- 6. Carry out data entry (Typing) in English and Hindi/Regional language with a reasonablespeed and accuracy. (NOS: SSC/N3022)
- 7. Set up network connections and use computer network including Internet and videoconferencing. (NOS: SSC/N3022)
- 8. Share/Transfer data from/to computer through cables/ wireless modes using differentmobile apps/ remote access software. (NOS: SSC/N3022)

LEARNING OUTCOMES	ASSESSMENT CRITERIA
1. Identify different	Comply with safety rules when performing the following operations:
computer components,	Identify different components of desktop computer and laptop.
install and setup	, , , , , , , , , , , , , , , , , , , ,
operating system and	Identify functionality of various keys on the keyboard and mouse.
related software in a	Customize the desktop settings and manage user accounts.
computer following	Install and configure Windows OS and application software.
safety precautions. (NOS: SSC/N3022)	Manage files /folders including zipping /unzipping using removable drives.
	Install the printer and other peripheral devices.
	Print and scan document using different commands.
	Configure Bluetooth and wi-fi settings.
2. Create, format and edit	Identify Word tools in the Ribbon.
document using Word	Create a resume using various tools.
processing application	Demonstrate the use of shortcut keys autocorrect and macros.
software.	Perform Mail merge in MS Word.
(NOS: SSC/N3022)	
2 Constanting	
3. Create, format, edit and	Create tables, chart and print using various functions and formulas,
develop a workbook by using Excel.	apply Conditional formatting. Create a table and Perform Sorting; filtering, Subtotal, validation and
(NOS: SSC/N3022)	goal seek on a table.
(1103. 330) 113022)	Prepare a pivot table and chart on any existing table.
	The part of process and on any officers, and one
4. Edit images/photos by	Identify Paint tools in the ribbon.
using Paint and Office	Edit given image in windows Paint.
Picture Manager	Edit images with Office Applications.
Application software.	
(NOS: SSC/N9409)	
5. Create and customize	Create power point Slides and run clideshows
slides for presentation	Create power point Slides and run slideshows. Format objects, add Audio and Video.
by using Power Point.	Animate slide transitions and objects.
(NOS: SSC/N3022)	Modify slide page setup and print the slides.
(1100.000,110022)	widen y shale page setup and print the shaes.
6. Carry out data entry	Demonstrate English typing with required speed and accuracy.
(Typing) in English and	Demonstrate Hindi/Regional language typing with required speed
Hindi/Regional language	and accuracy.
with a reasonable speed	
and accuracy.	
(NOS: SSC/N3022)	

7. Set up network	Identify different cables and connectors used in networking.	
connections and use	Set up network connections and check connectivity.	
computer network	Demonstrate Web Browsing, creation of E-Mail ID and sending	
including Internet and	receiving mails.	
video conferencing.	Setup Video conferencing.	
(NOS: SSC/N3022)		
8. Share/Transfer data	Transfer/share data from mobile/mobile apps such as WhatsApp etc.	
from/to computer	to computer through cables/ wireless modes.	
through cables/ wireless	Scan QR Codes for data transfer and storage.	
modes using different	Perform text chat and video chat using social networking sites.	
mobile apps/ remote	Share/ Transfer data from computer to google drive/ cloud.	
access softwares.	Prepare google sheets, google forms and share for data processing.	
(NOS:SSC/N3022)	Setup and link computers for remote access using Team viewer	
	software.	

SYLLABUS FOR DATA ENTRY OPERATOR TRADE

		DURATION: SIX MONTHS	
Duration	Reference Learning Outcome		rofessional Knowledge (Trade Theory)
Professional Skill 86 Hrs; Professional Knowledge 24 Hrs	Identify different computer components, install and setup operating system and related software in a computer following safety precautions.	 institutes and locate the electrical connections with computer system setup. 2. Identifying safety symbols and hazard identification. 3. Practice safe methods of fire fighting in case of electrical fire. 4. Carry out artificial respiration. 5.
