

Mission of CSTARI

To build a future-ready and robust Skill Ecosystem

through quality curriculum development, continuous professional development and lifelong learning—leveraging AI, new-age technologies, innovation and emerging trends.

Vision of CSTARI

To emerge as a centre of excellence for the Skill Ecosystem

fostering knowledge, innovation, professionalism and lifelong learning to build a dynamic, inclusive and future-ready workforce and institutions.

Core Values of CSTARI

Integrity

Professionalism

Excellence

Innovation

Inclusivity

Lifelong Learning

1

CSTARI upholds integrity and ethical conduct, promotes professionalism and excellence, embraces innovation and emerging technologies, values inclusivity and collaboration, and fosters a culture of continuous improvement and lifelong learning across the Skill Ecosystem.

2

CSTARI will serve as a dedicated training academy for ISDS officers and all stakeholders engaged in skill development, strengthening their competencies, teaching effectiveness and institutional capacity for excellence, innovation and continuous improvement.
